GENERAL INFO

Connecting Humanity's volunteer team distributes eSIMs to folks in Palestine daily to keep them connected to the internet. Activation may take upwards of a month due to the tedious process with little room for error and spotty local internet.

HELPFUL TIPS

- Send a clear image of the [QR code](#)
- **DO NOT** activate or install the eSIM
- **DO NOT** resend anything to the volunteer team
- Plans range from \$4-60 USD
- Any data amount helps, **>20GB** is great
- If you don't receive a QR code at first, email the carrier's customer service and they will send you one

Navigating NOMAD

- Download NOMAD using [getnomad.app](#)
- In the app, tap the "Menu" icon in the top right corner
- Select "Shop Plans," then "Data"
- Scroll to bottom and select "Middle East" or "Global"
- Select data amount, enter card details, acknowledge terms, & pay
- Once completed, wait for confirmation email with a QR code
- **DO NOT install the eSIM**
- Take a screenshot of the QR code
- Email a clear picture of the QR code to gazaesims@gmail.com with the subject line: NOMAD eSIM

Navigating MOGO

- Download MOGO from [App Store](#)
- In the app, tap on "Store" button on the bottom menu bar
- In the [Data Plan](#) section, select "eSIM" tab, then "Israel"
- Select data package, then tap "Submit" at bottom of page
- Sign up or use 3rd-party login to continue
- Use code `NAZIRA2503` for discount
- Select payment method, acknowledge terms, & pay
- Purchase will need to be linked to a phone number
- Once completed, wait for confirmation email with a [QR code](#)
- Take a screenshot of the [QR code](#)
- Email a clear picture of the [QR code](#) to gazaesims@gmail.com with the subject line: MOGO eSIM
